

# TuioDemo

Class diagram

2008-11-14

TuioDemo is an example TUIO client.

Source code at <http://mtg.upf.edu/reactable/?software>

Source code by Martin Kaltenbrunner <[mkalten@iua.upf.edu](mailto:mkalten@iua.upf.edu)>

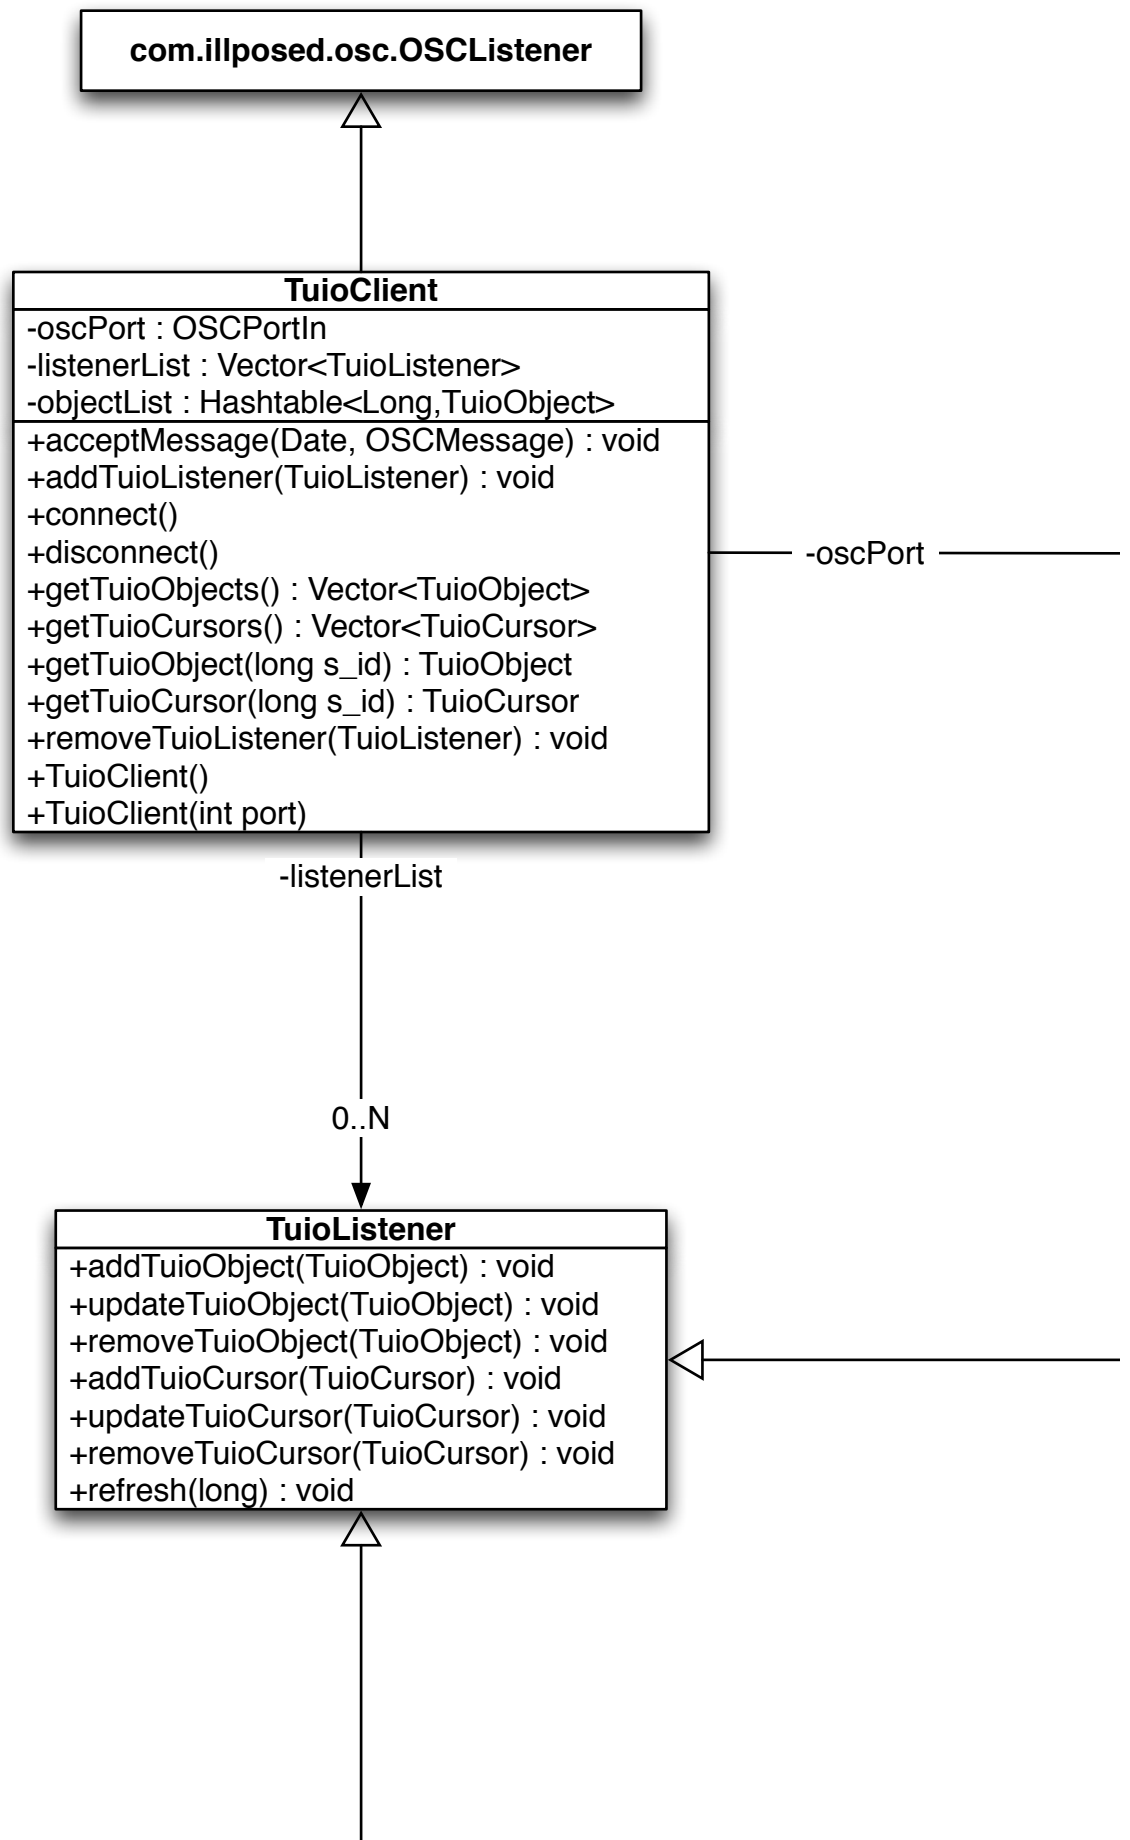

Class diagram by Jared Beck <[jared@jaredbeck.com](mailto:jared@jaredbeck.com)>

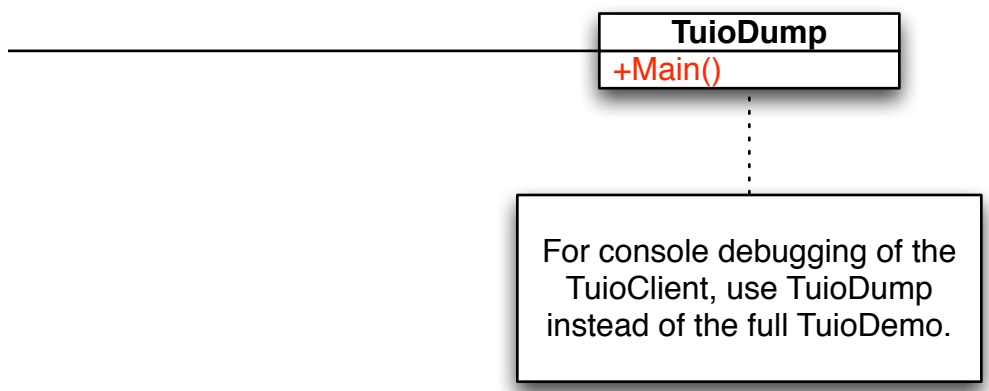

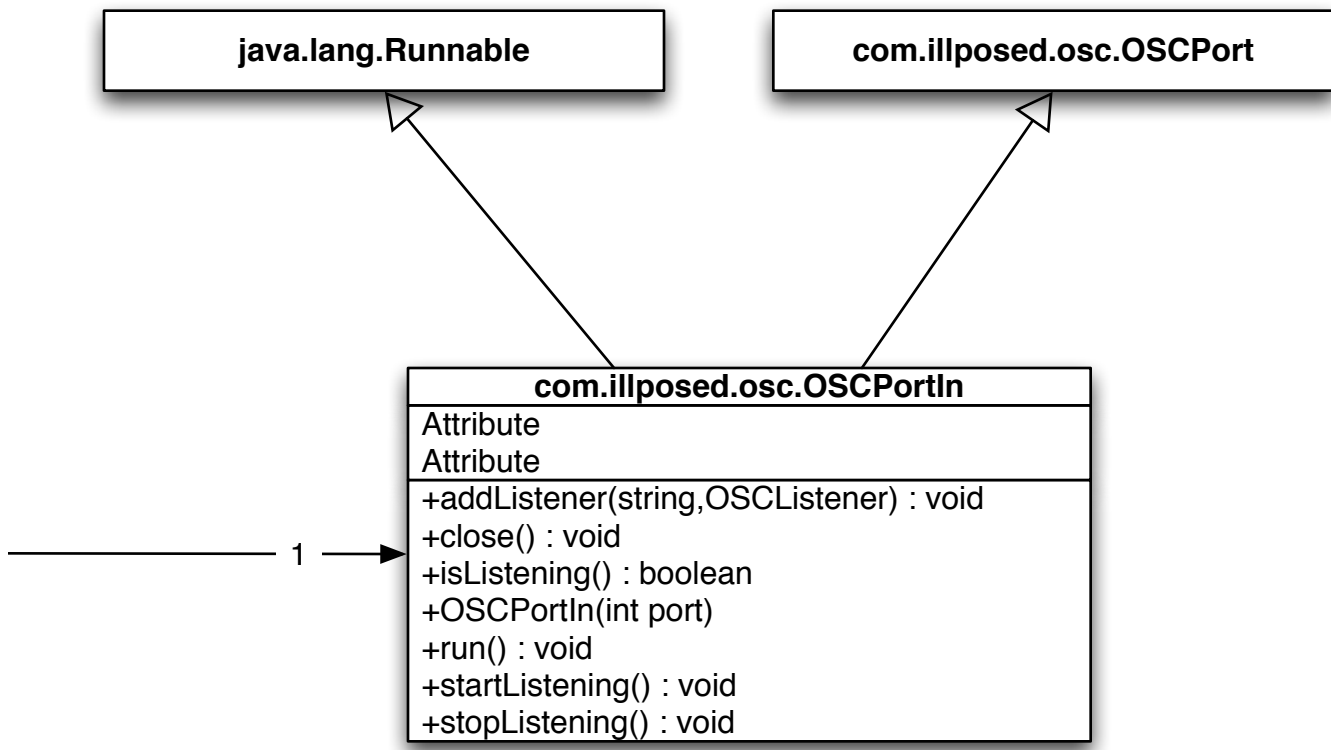

## Why?

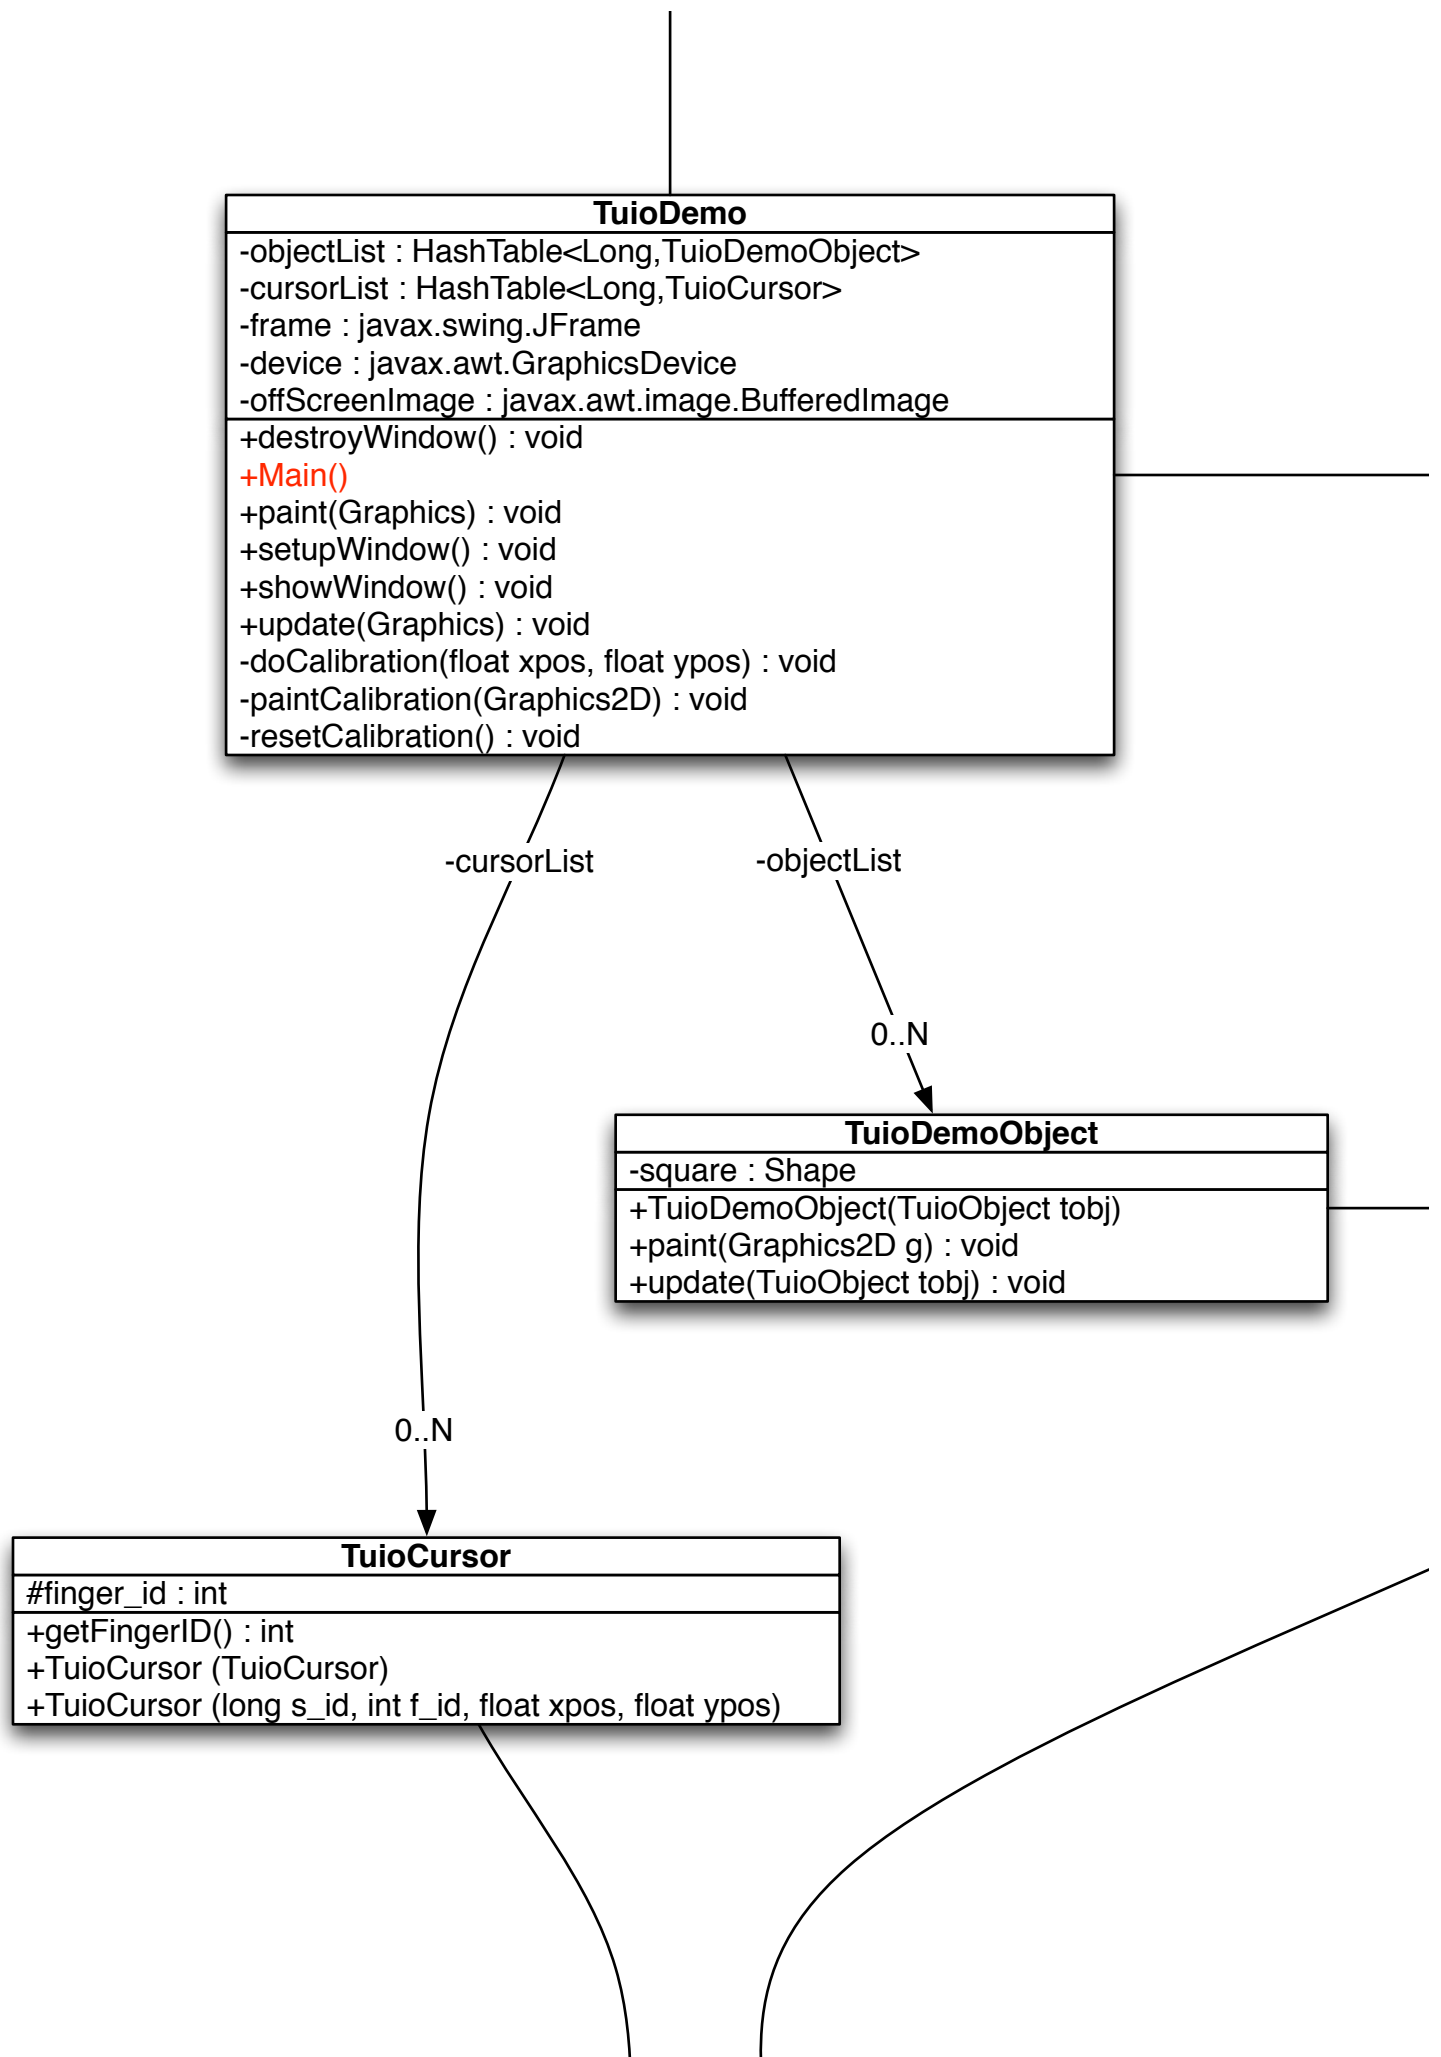

Oh, well I'm going to reuse large parts of TuioDemo for my own ReacTable project, and it will be helpful to have a class diagram to start from.

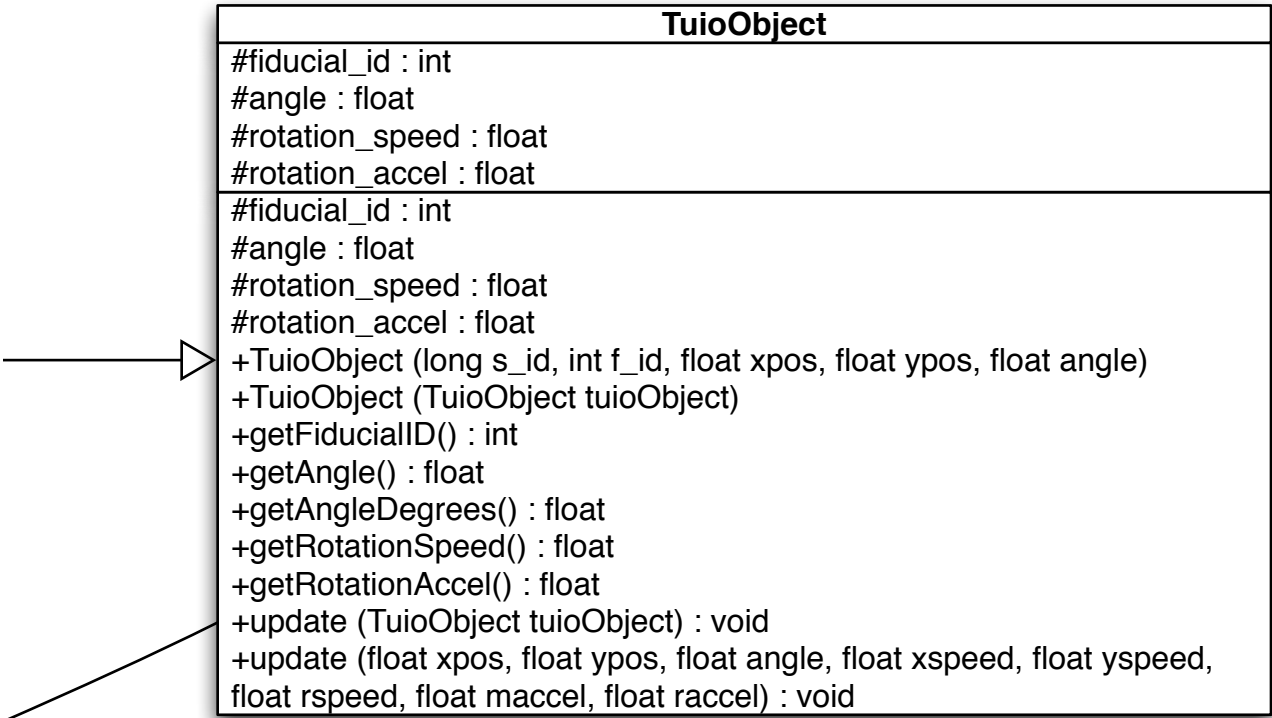

-Jared

## TuioContainer

+TUIO\_ADDED : static final int  
+TUIO\_UPDATED : static final int
